## WELCOME TO ELGD

The Engineer's Licensing Guidance Document (ELGD) has been designed to assist Aircraft Engineers and those involved with aircraft maintenance engineering by providing detailed guidance to existing Aircraft Maintenance Engineering Licensing requirements.

This document includes details on the implementation of Part-66, the conversion of BCAR Section L licences to Part-66 and details on the addition of type ratings to an existing licence.

**It should be noted that this document is for guidance only and the main reference points such as Part-66, Airworthiness Notices, CAP 468 (BCAR Section L), and the CAA, JAA and EASA web sites, should always be referred to.**
